About Us:

The college of Engineering and Technology is governed by Shram Sadhana Bombay Trust established in 1983 by the auspicious hands of Her Excellency Smt Pratibha Devisingh Patil, the Former President of India. The college building is spread over an area of 25 acres of magnificent and eco-friendly beautiful pollution free campus. Two Boys' hostels and two Girls' hostels are situated in campus along with staff quarters. The college offers EIGHT undergraduate courses, FIVE Post Graduate Courses and Doctoral Courses in Engineering along with MBA.

The SSBT's COET is a college with long tradition of societal development with technical education, research, consultancy and voluntary services. It has in its honor several certifications including:

- ISO 9001:2008 valid certification for Quality Management Services.
- Approval by All India Council of Technical Education, New Delhi.
- The Best Engineering College 2009 Award by Engineering Education Foundation, Pune (M.S.)
- Listing under section 2(f) and 12(B) of UGC act 1956.

Conference Theme:

Navigating the Future

Present generation has a special status that it has undergone a transformation of era, from millennium two to millennium three. The transformation is not only in temporal sense, but it has deeply penetrated into our lives. The transformation has been led by technocrats in true sense. The present era is also witnessing a significant alteration in the engineering

paradigm. The technology has changed the way we live. Yet it has posed severe threats to our very existence e.g. the environmental degradation, climatic changes and resource depletion. Dr A P J Abdul Kalam, Scientist, Philosopher and Ex President of India has said that the twentieth century was for the search of knowledge; the twenty first century is for the management of knowledge. The biggest challenge to be addressed today by the scientists and technocrats is to affirm the direction of research. Where do we move? Where shall we navigate, is the most crucial issue of today. It requires systematic brain storming. It needs to bring the engineers, technocrats, managers and researchers of diversified disciplines to come at a common platform to exchange their expertise, express their ideas, to share their knowledge & experiences, and to evolve the track for navigating the research. The present conference is miniature, yet firm endeavor for the same. It is expected that the engineers, technocrats, managers and researchers of vivid disciplines will intermingle on the forum of this conference and will provide an impressive momentum to the navigation of engineering, technology and management in its perpetual voyage.

The conference will be conducted in FOUR parallel tracks.

- Track 1: Computer Engineering, Information Technology and Management
- Track 2: Electronics & Telecommunication Engineering and Electrical Engineering
- Track 3: Mechanical Engineering and Civil Engineering
- Track 4: Biotech Engineering, Chemical Engineering and Applied Science

Submission Guidelines:

Prospective authors are invited to submit full papers (maximum of SIX pages) electronically in PDF format. All submissions should be written in English. Submissions must be original, unpublished work containing new and interesting results that demonstrate current research in the respective areas. All papers should be in A4 paper size, 10 Point Times New Roman font, typed in single line space and justified. Paper should include the title, author details, abstract and keyword.

Authors must make sure that their submissions are original and do not overlap work which has been published elsewhere or simultaneously submitted to a journal or another conference with proceedings. Authors who submit papers that contain any form of plagiarism will invite unwarranted consequences.

Papers are to be submitted through EASYCHAIR conference management system using the link (<https://easychair.org/conferences/?conf=icgte tm2015>).

All accepted and presented papers will be published in **Cyber Times International Journal of Technology & Management**, with ISSN: 2278 – 7518, SJIF: 2.815, Indexed by Google Scholar, Copernicus International with ICV 5.04, DRJI, Journal Informatics, Indian Science Libraries etc.

At least ONE author of the accepted papers must be registered at the regular rate for the conference.
